# SWIM WITH GIANT TUNAFISH

- Departure from Calafat marina
- An adventure where you will be the protagonist, because you can observe them in their midst while you feed them and swim among hundreds of wild red tuna fish.  
An unforgettable experience, full of sensations for the five senses and suitable for all ages.
- You will sail in a modern and innovative catamaran with two decks, two toilets, two changing rooms, warm water showers and bar service.
- Once in the aquaculture facilities, we will tie the Catamaran in a 50mtrs diameter and 30mtrs net draft tank, where we have approximately 400 red tuna fish of 2mt / 2.5mt in length and weighing between 200/250 kg.  
  
We will explain some brief guidelines to enter the pool and we will distribute the snorkel material (mask and tube) to enjoy the adventure of swimming among hundreds of red tuna fish.  
  
The activity lasts 1h, on the way back, in the 3 TV screens of the Catamaran, the photographs that the fellow divers will take during the activity will be displayed and they will give the tasting of Balfegó Red Tuna: sashimi with soy sauce and wasabi, with a drink.
- Arrival at the port of Calafat at the end of the activity and our services.
- The price includes public liability insurance.

It consists in a circuit of cones in the paddock or in the sliding track and doing:

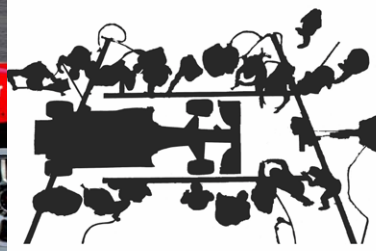

- 1 recognition lap.
- 1 series of 2 timed laps.
- 1 series of 2 timed laps
- The first 3 are ranked.
- This activity of Rat-Race is a lot of fun since there is a healthy rivalry between the participants, "teambuilding", and there is no danger since it is done in first and second gear of the vehicle
- The cones are put on the route to create skill and stop people.
- Each cone knocked over is equivalent to 2 seconds of penalty.

## PIT STOP ACTIVITY

The Pit Stop is an ideal activity to promote team building. In this activity, the participants are taught to work in teams and under pressure.

In this way good results are obtained, and an improvement in the personal relationships between workers or clients, creating a sense of teamwork that can be applied to day-to-day work.

The Pit Stop is the set of actions that mechanics do when the vehicle stops in the pits. It is a very coordinated and agile teamwork, in order to change the wheels of the vehicle as quickly as possible.

The participants will take the role of real Formula 1 mechanics and feel the pressure against the clock. The activity is organized in the form of a competition forming two or more groups so that there is rivalry, and with it the pressure is created to complete the Pit Stop with the best possible time. (For this activity we use a Formula 2.0)

Teams will be of a minimum of 8 people and a maximum of 10 people.

People	Price (without IVA)
0- 10 people	175 € / people
From 11 people	150 € / people

## KAITAI

Cutting a giant Red Tuna in a traditional Japanese way.

The cutting of Japanese-style Red Tuna is a technique inherited from generation to generation, which requires practice and study. We have acquired the knowledge of KAITAI by the great Japanese teachers.

We offer the possibility of attending the celebration of this choreographed art in the "Chiringuito" beach bar of the Playa del Puerto de Calafat, enjoying this experience in front of the Mediterranean.

Price (without IVA)

2000 €

The KAITAI consists in contemplating the distinct and precise cuts of a specimen of more than 150 kilos, while detailing the characteristics of each piece. It is accompanied by a tasting of unique parts of the Red Tuna.

## OYSTER WORKSHOP

We will teach you to seed the oysters, planting them on rope and cement where they will grow. A very different and educative workshop on the spot where oysters are planted.

### SAILING ON DELTA DEL EBRO OYSTER-MUSSEL FARMS - PORT OF CALAFAT

---

Sailing with one of the fastest, most comfortable and safest boats in a space cataloged as a Biosphere Reserve by UNESCO is a unique experience.

We will observe from the sea such singular and disparate spaces as the Delta del Ebro, with its infinite beaches full of sand dunes and native vegetation that forms a semi-desert landscape, its sandbars that form the two bays and the "mirage" visual effect that is provoked in the sea, its great wealth in birds, and half way there, the landscape completely changes. Now we will enjoy observing how the cliffs and small coves full of pine trees, sand or stone embracing the sea, while sailing over one of the largest Posidonia forests of the Western Mediterranean,

Option 2.1 Start at 10:00 a.m.

Option 2.2 Ends at 7:30 p.m.

Price (without IVA)

4,20 €

bordering one of the longest stretches of virgin coast, protected environmentally through the Natural Spaces Plan of Catalonia (PEIN). Mediterranean in Pure State.
