- **Tour The Secrets of Atavus Priorat.**

During the tour guided by one of our experts, you will discover the history behind the cellar where we make and age our wines. The natural process we carry out for elaborating our wines will be explained in depth, as to how we cultivate our land with organic and biodynamic practices and exercise the minimum as possible intervention.

This tour has been designed for enthusiasts, we will enter the vineyards to demonstrate our process and show you how we cultivate our vines, always respecting their environment.

And since all good things are shared, in this visit following the walk through the vineyard, you will visit the old Atavus winery, where we will do the tasting in contact with nature since it is located in the middle of the estate and very close to the Siurana river. The Siurana river passes through our vineyard, providing a favorable microclimate and biodiversity for our soil, this river is the artery of Priorat.

At the end of the tour, we will invite you to discover five of our iconic wines; accompanied by lunch.
