Duration: 75 minutes

CONTRASTES

Ferus is a performance full of contrasts and emotions, in which the guitars engage in a dialogue with the versatile mezzo-soprano voice and percussion. An original musical journey that moves through classical, modern, flamenco, baroque, and contemporary styles. At the same time, its descriptive context takes us on a journey through different landscapes and places, conveyed through guitar, vocal, and rhythmic sonorities.

FRIDAY, JULY 31st AT 10 P.M.

SINGER-SONGWRITER

Duration: 70 minutes

FERRAN PALAU

For Ferran Palau, the concept of rhythm is like the ground beneath one's feet, like walking or running. In his new album, Aniversari felix, he has sought to escape from this tangible place and take his imagination into an airy, floating space that remains here, yet with a more clouded sense of reality. Ferran wanted to let go of ideas, empty his stomach, and leave room to fill it again with purity and lightness. To experience songs as blank pages and return to the very origin of songwriting.

FRIDAY, AUGUST 15th AT 10 P.M.

FLAMENCO

Duration: 70 minutes

ALBA CARMONA AND JESÚS GUERRERO

Ofrenda is more than an album: it is an act of giving, of musical devotion. The duo will present a repertoire born from a deep respect for the oral music tradition, but also from the desire to inhabit the present through truth, emotion, and the beauty of authenticity.

FRIDAY, AUGUST 22nd AT 10 P.M.

HABANERAS AND TAVERN SONGS

Duration: 75 minutes
